

CHARGING POLICY

Due to Morrice Area Schools participating in the CEP program, where all students receive free breakfast and lunch. **THERE WILL BE ABSOLUTLY NO CHARGING FOR EXTRAS OR ALA CARTE ITEMS.** Food Service Dept. utilizes a computerized debit card system to track all items sold to students. The system assists in keeping accurate account information as well as increases the speed of the cafeteria lines. The student number is used as the account number so there is no need to apply for an account.

Student meal accounts operate as a debit system. Each time a student purchases anything, the cashier removes, or debits, the money from that account. All student accounts must be **pre-paid** in order for a child to properly pay for extras and ala carte items.

No account will ever be allowed to be in the negative.

Please go to morrice.familyportal.cloud to make payments, or send cash or check in with your student.
